

## L.O.V.E., Inc. is a Christian social service/relief mission:

We have over 300 children, families, and students under our sponsorship/scholarship programs, and have several university student homes, as well as dental and medical programs. Most of our children are in elementary school and all are from very poor families. They are referred to L.O.V.E. by the schools, SCP (Street Children Program – our government required partner in Da Nang), local governments, and local churches. Each child is monitored as to health, school attendance, behavior, and effort. The government prohibits proselytizing by foreign missionary groups and discourages public proselytizing, even by Vietnamese citizens; but we persevere because we know God's love has no bounds. Our mission in Vietnam is to love the people in the name of our Lord, and to support Christians both in and outside of the "licensed" churches. This is where you can have a great impact. Through our Sponsorship Program, you can sponsor a child, children, or even an entire family. Sponsorship provides for educational, medical, clothing, food, and other needs, but is only the beginning of the blessing. The greatest thing you can do is establish communication with your sponsored child or family, through which you can freely share the Gospel, pray for their particular needs, and encourage them in salvation and in sharing the Christian faith with others that we cannot reach.

## Our Programs

**Student Homes:** L.O.V.E. provides homes for university students who come to Da Nang from poor families in the countryside, giving them Christian fellowship, and receiving training by local churches to serve God.. It is among these students that we believe the future of God's Church in Vietnam rests, therefore we are committed to help with their housing needs, training and mentoring. Most of these students will be actively involved in several outreaches a year, both in Da Nang and other cities, to reach others in the name of Jesus and also to attend summer work/study camps, etc.

**Sponsorships:** You can sponsor a child, communicate with the child and family monthly if you want, and follow the growth and progress of the child. We now have three levels of the program to serve a child, a family, or a university student.

**Scholarships:** This is the oldest of our programs, which provides a scholarship large enough to enable a child to stay in school. If you provide a scholarship, you can communicate with the child and family when the scholarship begins. You will receive a letter and progress report at the end of the school year.

**Medical/Dental:** Our goal is to provide four dental and two medical missions each year. The past three years, we have been unable to bring in a medical team.

Dental Missions

Provide bicycles

## Financial assistance is most needed in the following areas:

1. Sponsor a family for **\$50/month**.
2. Sponsor a child for **\$30/month**.
3. Sponsor a student house for **\$80/month**.
4. Sponsor a medical mission for **\$500**. This can be done by sending smaller monthly donations like \$50 or \$100. When \$500 is reached, then we will plan a mission.
5. Sponsor an outreach mission to poor, elderly and handicapped in a remote village (providing food, blankets, clothes) for **\$500**. Many of these are Agent Orange victims.
6. A bike for a child, **\$63**; school books & uniform for one child, **\$25**.
7. A scholarship for a child for **\$15/month**.
8. Finance a VBS in a remote village church: **\$300**.
9. Sponsor a Home for Christian University Students for **\$80/month**.
10. General Fund donations in any amount are always greatly needed. These funds support our Nutrition Program, Medical/ Emergency/ Disaster Relief, and our Dental Program.

### Other needs:

**\$30** can provide eye exam & glasses for a child.  
**\$200** can dig a well, or roof a small house.  
**\$60** will buy a gas stove...most cook over wood or charcoal, filling the house with smoke.
